

# Things you want to know

## Internet

The wifi is the open network 'HR-Guest' with a browser-based registration. Any of the following credentials should work:

SSID: HR-Guest	SSID: HR-Guest	SSID: HR-Guest
Username: ru12	Username: ru13	Username: ru14
Password: rvikxxxx	Password: rvikxxxx	Password: rvikxxxx

In the workroom you also have ethernet access without registration at some of the desks. Don't abuse the network. Don't do anything illegal.

## Schedule

### Saturday

09:00 Registration & Breakfast  
10:00 Introduction  
11:00 API Presentations  
14:00 Lunch  
14:30 24hr Hackathon starts  
19:00 Dinner  
20:00 Hack as long as you want

### Sunday

09:00 Breakfast  
13:00 Lunch  
14:30 All Hacks submitted  
15:00 Demos (Presentation of Hacks)  
17:00 Prizes for best Hacks & Closing

## Hack Submission

Put your hack online at <http://wiki.musichackday.org>

Copy the example hack. Make sure you include enough info for other people to understand the hack just from your wiki page. Perfectly you'd do a 2-min video explaining your hack. Plan enough time to prepare your wiki page and presentation. If in doubt: Good presentation > One more bug fixed

## Online Comms

**Twitter** #musichackday @musichackday  
**Facebook Group** 'Music Hack Day Reykjavík'  
**IRC** freenode.net #musichackday  
Use 'musichackday' and 'reykjavik' as tags everywhere
